

## DR. JAMES TIEMANN

Dr. James Tiemann is the founder and honorable patriarch of Fayette County Vet Clinic. Born and raised in La Grange, he is a 1966 graduate of Texas A&M University College of Veterinary Medicine. He first opened the doors of Fayette County Veterinary Clinic in 1968 and has been a Fayette County staple ever since. Most people around here with a pet or livestock know Dr. Tiemann. They trust his experience and enjoy his friendship.

Dr. Tiemann won the *Trailblazer Award* at the 2022 Annual Independent Cattleman's Association Convention and Trade Show in San Marcos.

Background shared at the convention stated: "The Colorado Valley Independent Cattlemen's Association (CVICA) would like to recognize a member who has tirelessly served his community for *more than seventy years*. From his childhood working on the family dairy, to serving the Fayette County area for more than 50 years as a veterinarian. This man honors his ancestry's fierce determination to provide for his family and fellow county folk. He and his wife raised four children and are ever present and doting grandparents to eleven grandchildren. Although he has retired, an easy chair is not where you will find him. He is usually working in his garden, playing with his grandkids or supporting his community.

As a CVICA member, he has always volunteered his time cooking at the Fayette County Junior Livestock Show and Fayette County Heifer Show. He sells tickets and helps serve food at our "Plates To Go" events. Annually, he provides support to the auctioneer at our Cattlemen's Dinner. In May, Fayette County has a "Cow/Calf Clinic & Trade Show." He is on the panel of veterinarians that answer questions from the audience. If cattle programs are being presented, you will find him participating.
